Your doctor has recommended that you use Synergy Radiology. You may choose another provider but please discuss this with your doctor first.

Patient Preparation

CT ANGIOGRAPHY

CT Coronary Angiogram / Thoracic Angiograms

- **Fast** (no food) for 3 hrs before the examination.
- Drinking water is encouraged. Please drink at least 500mls of water in the 3hr fasting period prior to your scan.
- **No caffeine** 24 hrs prior to the examination. This includes tea, coffee, caffeinated soft drinks and chocolate.
- **No smoking** for 12 hrs prior to the examination.
- **Cease all blood pressure medications** for the day of the examination. You will be advised after the examination, when to resume.
- **Cease Viagra** (or similar medication) for 24 hrs prior to your examination.
- Continue all other medication as normal.
- Please **bring someone** who can drive you home on the day of the examination.
- Please **bring in a copy of your latest blood test results**, from within the last 12 mths, if available.

All Other Angiograms

- **Fast** (no food) for 3 hrs before the examination.
- Drinking water is encouraged. Please drink at least 500mls of water in the 3hr fasting period prior to your scan.
- Please **bring in a copy of your latest blood test results**, from within the last 12 mths, if available.
